Mia D. Joe, PhDc

**Mia D. Joe** is the Director of Brooks Crossing Innovation Lab at Old Dominion University's Virginia Modeling, Analysis, and Simulation Center (VMASC). As Director, Ms. Joe provides leadership in advanced manufacturing education and workforce development programs. She holds a Bachelor of Science degree in Instructional Design and Technology, a Master of Science in Higher Education, and is a candidate for a Doctor of Philosophy degree in Educational Technology. Brooks Crossing Innovation Lab represents a consortium of academic, not-for-profit, government, and industry organizations. The Innovation Lab is an instructional hub which provides an open fabrication space, mixed reality area, machinery workstations, and software training associated with digital design manufacturing and modeling. Previously, Ms. Joe worked as a Senior Project Manager for Educational Technology with Newport News Shipbuilding, a division of Huntington Ingalls Industries.
